My three-year-old nephew, though, loves the illustrations in "Anansi Goes to Lunch" because he is learning to count, and he delights in counting Anansi's six arms--three in each sleeve! My nephew's theory on the arms (despite the fact the Anansi is supposed to be a spider) is that the character needs all those arms to hold all the food he wants to take at the lunch parties.

Anansi's eyes prove to be a little too big for his stomach in Bobby and Sherry Norfolk's entertaining and sprightly Anansi Goes to Lunch. With roots in African folklore, this charming tale humorously illustrates how Anansi becomes, quite literally, stretched too thin after shortsightedly accepting three lunch invitations at the same time.

Outcome K Overview - August House

Anansi was not willing to share his food with the turtle. But it was a custom in the country to share food with visitors who came during lunch or dinner hours. So, Anansi could not refuse. Nevertheless, he was determined not to share his delicious yams with the turtle. "Please have a seat and enjoy your meal," Anansi said to the turtle.

Lesson Plans - Anansi goes to Lunch - 1st Grade

Publisher's Summary Anansi is invited to three parties and wants to attend them all. He gives each of his hosts a rope to tug, ties the other end around his own waist, and waits to be summoned when the food is served - but when all of the food is ready at the same time, Anansi is caught in the middle! That's why Spiders have small waists today.
