However, many times the terms are used interchangeably. Hence, often a guide will be published titled as a manual, while a manual may be published as a guide. Due to this, practically there is no difference between the two. Some guides/manuals may be short and concise, while others may be long and informative. Comparison between Manual and Guide:

Difference between Manual and Guide | Manual vs Guide

Manual vs. electric pole saws: what is the best tool? Although manual tree saws need you to use your power to break the tree branches, automatic tree pruners are almost like mechanical chainsaws, cutting easily right through the thicker trees. If you want a manual or an electric tree pruner is always a question of volume of operation.
