So you're fired up, you want to make a difference, you want to change the world...but how? Signing up for your church's mission trip or service project is a great first step, and you are definitely going to make a difference in someone's life. But are you ready for the different cultures you may encounter? How are you going to really connect with the people you serve? And what about when you come home—how do you make sense of all the things you've experienced? It's easy to forget your experiences in the mission field—especially when the people around you haven't had those same experiences. And it is easy to go back to living your life the way you were before—but if you really want to change the world, you have to change, too. The only way that is going to happen is if you spend some time before, during, and after your service preparing for and processing your justice work. As you use this journal you will start to think about— • the people you are serving • your relationship with your teammates • how God factors in to your service project • the impact your experience has had on you • how you can continue to make a difference in the world around you If you think you're fired-up for service now, just wait! As you complete the creative and fun exercises included in this journal, you will be energized for justice work, you'll learn how to apply this to your own life, and nothing will be able to stop you.

Want to make a difference in the world? Here's help. The Sticky Faith Service Guide, Student Journal will equip you to serve others and create lasting change---both in you and in those you serve.

An Innovative Approach to Urban Ministry

"You're in youth ministry for a reason. Most likely you have a deep passion for both teenagers and the ministry. But at times, you may feel ill equipped to lead, or you may not even be sure of the direction the ministry is headed.Chances are, your youth pastor has a great vision for the ministry. But too often the staff meetings you attend end up more like a list of announcements about upcoming events than a time of real growth and sharpening. This unique, research-based training resource addresses the needs of you and every other adult on your youth ministry team. As you engage in a different discussion each month, you'll discover how to take both the ministry and students deeper by exploring:• Your ministry's strengths, weaknesses, opportunities, and threats• Integrating students into the life of the church• Effective family ministry• Holistic ministry• Giving and receiving mentoring• Getting the rest you need• Deep justice• Helping kids who are hurting• Giving your kids a faith that lastsEssential Leadership will strengthen your youth ministry team and make a deeper impact on the lives of teenagers."

Anyone who serves teenagers today knows that more and more young people are eager to make a difference in the world. When students participate in short-term missions, service, and justice causes, parents and youth leaders hope these experiences will lead to real transformation. But research shows that our efforts don't always stick. If we truly want short-term work to translate into long-term change, leaders and students must spend more time before, during, and after service projects preparing for and processing their experiences. The sessions in this leader's guide will help you create experiences that stick—both for the students you take and the communities you serve. This guidebook offers a host of practical and field-tested exercises for each phase of your experience, whether it's a half-day local service project or a two-week trip overseas. Participants will engage in hands-on experiences to gain new insights about themselves, their relationship with God, their teammates, and the world we're called to love and serve. Each of these steps is a catalyst in helping students apply what they have learned in the field to their own lives back at home. Also included are ideas to help get parents and the whole church engaged in service together. A companion student journal is also available to boost the potential for personal application throughout the journey.

In this journal, you'll explore the truth about sexuality based on what God has to say about it, as well as what the latest research reveals. (You might be surprised to know that God actually has quite a lot to say about sex...and it's not all bad!) It will bring up the tough questions, open up honest dialogue, and help you see how your sexuality fits into God's plan for your life.

If you really want to make a difference, you have to change, too. The only way that is going to happen is if you spend some time before, during, and after your service preparing for and processing all that you've experienced. The Deep Justice Journeys journal has activities that will get you fired-up to serve others and will help make sure your service makes a lasting impact.

The lessons included in this leader's guide to "Deep Justice Journeys" will help teachers prepare students for mission trips and service work.

As the world becomes more globalized, student populations in university settings will continue to grow in diversity. To ensure students develop the cultural competence to adapt to new environments, universities and colleges must develop policies and programs to aid in the progression of cultural acceptance and understanding. Cultural Awareness and Competency Development in Higher Education is an essential reference book on the latest literature regarding multiculturalism in colleges and universities, focusing on administration and faculty implementation of culturally-aware curriculum to support the development of students' global competence. Featuring extensive coverage on a range of topics including social constructivism, co-curricular learning, and inclusive pedagogy, this publication is ideally designed for academicians, researchers, and students seeking current research on the inclusion of culturally diverse curriculums in higher education.

Many of the statistics you read about teenagers and faith can be alarming. Recent studies show that 40-50 percent of kids who are connected to a youth group throughout their senior year will fail to stick with their faith in college. As youth workers are pouring their time and energy into the students in their ministries, they are often left wondering if they've done enough to equip their students to carry their faith into adulthood. Fuller Youth Institute has done extensive research in the area of youth ministry and teenage development. In Sticky Faith, the team at FYI presents youth workers with both a theological/philosophical framework and practical programming ideas that develop long-term faith in teenagers. Each chapter presents a summary of FYI's quantitative and qualitative research, along with the implications of this research, including program ideas suggested and tested by youth ministries nationwide. This resource will give youth pastors what they need to help foster a faith that sticks with all the teenagers in their group long after they've left the youth room.
