~~El Gran Libro Del Sniper El Arte De Ser Preciso Tomo Nº 1 ...~~

The Ultimate Sniper is targeted to both police and military snipers. It's a training manual and it serves a specific purpose. For those who it is written for it's one of the best books on the subject. For everyone else it's not all that interesting.

When John Plaster's The Ultimate Sniper was released in 1993, it was hailed as an instant classic in the sniping community, influencing an entire generation of military and police marksmen around the world. Now this revolutionary book has been completely

Through revised text, new photos, specialised illustrations, updated charts and additional information sidebars, The Ultimate Sniper once again thoroughly details the three great skill areas of sniping; marksmanship, fieldcraft and tactics.

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster movie which was nominated for six academy awards, including best picture. From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages

throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

The Long Range Precision Rifle: 3RD Expanded Edition contains the most up-to-date information and methods for getting the most accuracy out of your rifle.

A professional sniper needs to accomplish three things to do his job: be predictable, repeatable, and precise! To help achieve that goal, veteran sniping instructor and competitive long-range shooter Eduardo Abril de Fontcuberta has collected dozens of exercises from elite military and police sniping programs and organized them into a complete training course. Now, snipers, instructors, and even civilian long-range target shooters can develop and assess their performance, individually or as a unit, and meet the standards of the best snipers in the world. The exercises in this book—from the U.S. Marines and U.S. Army, U.S. Navy SEALs, Spanish Foreign Legion, Swedish Marines, Gunsite, Snipercraft, and many other top sniping programs—cover the entire spectrum of the professional sniper's skill set, including: close-range and known-distance shooting—testing cold-bore zeros, target identification, knowing your limits . . . long-range shooting—range estimation, ballistics and wind reading, hard-target interdiction . . . complex and skills-oriented exercises—accuracy under stress, simultaneous engagements, shooting through glass, angle shooting, shooting through loopholes . . . nonshooting requirements—communications, camouflage and observation, land navigation, tactical medicine, survival and tracking . . . The author wraps up with his recommendations for sniper competitions, schools, instructors, and equipment. Whether you need stand-alone training drills or a complete course in tactical marksmanship, you will get it with the exercises in this book.

The remarkable story of the Finnish marksman nicknamed “White Death” by the Red Army for his record number of confirmed kills. Simo Häyhä is the most famous sniper in the world. During the Winter War fought between Russia and Finland from 1939 to 1940, he had 542 confirmed kills with iron sights, a record that still stands today. A man of action who spoke very little, Simo Häyhä was hugely respected by his men and his superiors and given many difficult missions, including taking out specific targets. Able to move silently and swiftly through the landscape, melting into the snowbound surroundings in his white camouflage fatigues, his aim was deadly and his quarry rarely escaped. The Russians learned of his reputation as a marksman and tried several times to kill him by indirect fire. He was promoted from corporal to second lieutenant, and he was awarded the Cross of Kollaa. For sniping, Simo Häyhä only ever used his own M/28-30 rifle. Eventually, his luck ran out, and Simo received a serious head wound on March 6, 1940, though he subsequently recovered. The White Sniper fully explores Simo Häyhä's life, his exploits in the Winter War, the secrets behind his success, including character and technique, and also includes a detailed look at his rifle itself. There are appendices on the basics of shooting, the impact of fire on the battlefield, battles on the Kollaa Front during the Winter War, and a list of ranked snipers of the world. “No matter how many books on sniping you have read, this must be added to your list if you are serious about shooting.” —GunMart

Returning to the Maryland hometown where her father died under mysterious circumstances, successful sculptor Clare Kimball finds herself falling in love with town sheriff and former bad boy Cameron Rafferty before a dangerous evil from the past returns to haunt her. “One of the very best books to come out of the war in Iraq,” (Lt. Col. Dave Grossman, bestselling author of *On Killing*), *The Last Punisher* is a gripping and intimate on-the-ground memoir from a Navy SEAL who was part of SEAL Team THREE with American Sniper Chris Kyle. Experience his deployment, from his first mission to his first kill to his eventual successful return to the United States to play himself in the Oscar-nominated film directed by Clint Eastwood and starring Bradley Cooper. *The Last Punisher* is a “thoughtful, funny, and raw...always compelling” (Bing West, *New York Times* bestselling author of *No True Glory*) first-person account of the Iraq War. With wry humor and moving testimony, Kevin Lacz tells the bold story of his tour in Iraq with SEAL Team THREE, the warrior elite of the Navy. This legendary unit, known as “The Punishers,” included Chris Kyle (American Sniper), Mike Monsoor, Ryan Job, and Marc Lee. These brave men were instrumental in securing the key locations in the pivotal 2006 Battle of Ramadi. Minute by minute, Lacz relays the edge-of-your-seat details of his team’s missions in Ramadi, offering a firsthand glimpse into the heated combat, extreme conditions, and harrowing experiences they faced every day. Through it all, Lacz and his teammates formed unbreakable bonds and never lost sight of the cause: protecting America with their fight. “A rare glimpse into the mind of a Navy SEAL,” (Clint Emerson, *New York Times* bestselling author of *100 Deadly Skills*) Kevin Lacz brings you onto the battlefield and relays the tough realities of war. At the same time, Lacz shares how these experiences made him a better man and how proud he is of his contributions to one of this country’s most difficult military campaigns. *The Last Punisher* is the story of a SEAL and an “honest-to-God American hero” (Mike Huckabee, #1 bestselling author) who was never afraid to answer the call.

Throughout World War II, German snipers were obliged to carry a ‘Scharfschützen Buch’ which recorded every kill. Each success noted had to be verified by a witness and signed by a superior officer. The journal of Sutkus is one of only a few such books to have survived the war. It records more than 200 kills, placing him as one of the war’s most successful snipers. A large part of his journal is reproduced for the first time here.

It takes a tough mindset to be a successful sniper, to be able to dig in for days on your own as you wait for your target, to stay calm on a battlefield when you yourself have become the target the enemy most want to take out. Craig Harrison has what it takes and in November 2009 in Afghanistan, under intense pressure, he saved the lives of his comrades with the longest confirmed sniper kill - 2,475 meters. In this unflinching autobiography, Craig catapults us into the heat of the action as he describes his active service in the Balkans, Iraq and Afghanistan, and gives heart-stopping accounts of his sniper ops as he fought for his life on the rooftops of Basra and the barren hills of Helmand province. Craig was blown up by an IED in Afghanistan and left battling severe PTSD. After his identity was revealed in the press he also had to cope with al Qaeda threats against him and his family. For Craig, the price of heroism has been devastatingly high. Powerful and compelling, *The Longest Kill* is a must-read for fans of military memoirs.
