Not yet a woman yet more than a little girl, Rae Dodson is caught up in her family's drama. Her hip older sister, Kimmie, whom her mother favors, has moved from New Orleans to join them in Detroit, a city that moves as if in synch with the Stevie Wonder tunes that play giddily from new automobiles fresh off the factory lots. Her bid whist-playing mother is as nervous as ever, and her father's chronic migraines seem

less responsive to medication. And while they all occupy the same house, they might as well be living separate lives. When the tenuous peace finally breaks, Rae must decide where her loyalties lie: should she choose her emotionally distant mother, whom she adores, or her affectionate but needy father? Rae does choose and launches into a rich, loving relationship with her dad, for whom she shows a fierce, undying loyalty. But as she matures, she must find a way amid her own budding sexuality to be both Daddy's girl and her own woman.

If there's something you want to forget, a binder can help. If there's something you need to erase, they can assist. Within the pages of the books they create, secrets are concealed and the past is locked away. In a vault under his mentor's workshop rows upon rows of books are meticulously stored. But while Seredith is an artisan, there are others of their kind, avaricious and amoral tradesman who use their talents for dark ends—and just as Emmett begins to settle into his new

are rendered with tremendous warmth, humor, and care . . . a wonderful debut.” —Jamel Brinkley, author of *A Lucky Man* In her debut short story collection, *Camille Acker* unleashes the irony and tragic comedy of respectability onto a wide-ranging cast of characters, all of whom call Washington, DC, home. A “woke” millennial tries to fight gentrification, only to learn she’s part of the problem; a grade school teacher dreams of a better DC, only to take out her frustrations on her students; and a young piano player wins a competition, only to learn the prize is worthless. Ultimately, they are confronted with the fact that respectability does not equal freedom. Instead, they must learn to trust their own conflicted judgment and fight to create their own sense of space and self. “An exciting literary achievement by a significant emerging talent.
