"[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." –Joe Garden, Features Editor, The Onion "[Pargin] is like a mash-up of Douglas Adams and Stephen King... 'page-turner' is an understatement." –Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep "That rarest of things—a genuinely scary story." –David Wellington, author of Monster Island, Vampire Zero "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." –Jacob Kier, Publisher, Permuted Press STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

But sometimes, those who come back bring something with them. Suddenly, a silent otherworldly invasion is underway, and mankind needs a hero. What it gets instead is John and David, a pair of dropouts who can barely hold down jobs. Can these two stop the oncoming horror in time to save humanity? No. No, they can't ... "Wong is like a mash-up of Douglas Adams and Stephen King ... 'page-turner' is an understatement." Don Coscarelli, Director, PHANTASM I-IV, BUBBA HO-TEP "compelling-against-all-odds ... laugh-out-loud funny" KIRKUS REVIEWS "the book's smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next." PUBLISHERS WEEKLY

David and John become embroiled in a new set of horrific but absurd challenges when movie-induced zombie phobia enables a nefarious shape-shifter race to take over the world.

It's the story "They" don't want you to read. Though, to be fair, "They" are probably right about this one. To quote the Bible, "Learning the truth can be like loosening a necktie, only to realize it was the only thing keeping your head attached." No, don't put the book back on the shelf -- it is now your duty to purchase it to prevent others from reading it. Yes, it works with e-books, too, I don't have time to explain how. While investigating a fairly straightforward case of a shape-shifting interdimensional child predator, Dave, John and Amy realized there might actually be something weird going on. Together, they navigate a diabolically convoluted maze of illusions, lies, and their own incompetence in an attempt to uncover a terrible truth they -- like you -- would be better off not knowing. Your first impulse will be to think that a story this gruesome -- and, to be frank, stupid -- cannot possibly be true. That is precisely the reaction "They" are hoping for. John Dies at the End's "smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next" (Publishers Weekly) and This Book Is Full of Spiders was "unlike any other book of the genre" (Washington Post). Now, New York Times bestselling author David Wong is back with What the Hell Did I Just Read, the third installment of this black-humored thriller series.

New York Times bestselling author David Wong takes readers to a whole new level with his latest darkly comic sci-fi thriller.

THE NATIONAL BESTSELLER New York Times bestselling author Jason Pargin's Zoey Punches the Future in the Dick is the latest—and arguably greatest—sci-fi thriller in the Zoey Ashe Series. In the futuristic city of Tabula Rasa, Zoey Ashe is like a fish so far out of water that it has achieved orbit. After inheriting a criminal empire, the twenty-three year-old finds herself under threat from all sides as a rogue's gallery of larger-than-life enemies think they smell weakness. On the eve of the world's most lavish and ridiculous Halloween celebration, a steamer trunk-sized box arrives at Zoey's door and she is shocked to find that it contains a disemboweled corpse. She is even more shocked when that corpse, controlled by an unknown party, rises and goes on a rampage through the house. Speaking in an electronic voice, it publicly accuses Zoey of being its murderer. This is the kind of thing that almost never happened at her old job. The city was already a ticking time bomb of publicity-hungry vigilantes with superhuman enhancements and Zoey knows this turn of events is unlikely to improve the situation. Now, she and her team of high-tech tricksters have to solve this bizarre murder while simultaneously keeping Tabula Rasa from descending into chaos. "Biting humor and blatant digs at modern society overlay a subtly brilliant and thoughtful plot" (Publishers Weekly) in John Dies at the End author Jason Pargin's first installment of the Zoey Ashe Series, Futuristic Violence and Fancy Suits. Now, "one of today's great satirists" (Nerdist) is back with Zoey Punches the Future in the Dick, the second installment in a "Technicolor tomorrowland." (Kirkus Reviews)

One man stood between them and us. U.S. Marshal Jameson Arkeley—the country's foremost authority on vampires—taught police investigator and vampire fighter Laura Caxton everything she knows about monsters. After a bloody war visited upon Gettysburg by an army of vampires, Arkeley gave up his own life to save others. Except he didn't exactly die . . . Arkeley accepted the curse and is now a vampire himself. What's worse, he's the savviest vampire ever—he knows all the tricks better than anyone. Caxton is now faced with the task of destroying him. But Arkeley knows all her tactics too; after all, he taught them to her. Caxton realizes she must finish Arkeley before he succeeds in his quest to exterminate his own family, one member at a time. But even more important, she has to prevent him from becoming a beast exponentially more dangerous—a Vampire Zero. The author of 13 Bullets and 99 Coffins, David Wellington takes the Laura Caxton series to a whole new level in this action-packed third volume.

A brazen, methodical killer strikes on New Year's Eve and LAPD detective Renée Ballard and Harry Bosch must join forces to find justice for the victim in a city scarred by fear and social unrest. There's chaos in Hollywood at the end of the New Year's Eve countdown. Working her graveyard shift, LAPD detective Renée Ballard waits out the traditional rain of lead as hundreds of revelers shoot their guns into the air. Only minutes after midnight, Ballard is called to a scene where a hardworking auto shop owner has been fatally hit by a bullet in the middle of a crowded street party. Ballard quickly concludes that the deadly bullet could not have fallen from the sky and that it is linked to another unsolved murder—a case at one time worked by Detective Harry Bosch. At the same time, Ballard hunts a fiendish pair of serial rapists, the Midnight Men, who have been terrorizing women and leaving no trace. Determined to solve both cases, Ballard feels like she is constantly running uphill in a police department indelibly changed by the pandemic and recent social unrest. It is a department so hampered by inertia and low morale that Ballard must go outside to the one detective she can count on: Harry Bosch. But as the two inexorable detectives work together to find out where old and new cases intersect, they must constantly look over their shoulders. The brutal predators they are tracking are ready to kill to keep their secrets hidden. Unfolding with unstoppable drive and nail-biting intrigue, The Dark Hours shows that "relentless on their own, Ballard's and Bosch's combined skills.could be combustible" (Los Angeles Times).
