Total Tractor! is all about tractors--from exciting vintage tractors and farming machines to the latest state-of-the-art John Deere. Galleries of colorful tractors of every kind and all their amazing attachments are interspersed with stunning images of tractors in action. There's a complete history of tractors from steam tractor to diesel, and many makes, such as Massey Ferguson, are shown in fascinating detail. Crazy contests such as tractor pulling are also featured. Total Tractor! is the must-read book for any child who is passionate about tractors.

This book is a remarkable collection of chapters covering a wider range of topics, including unsupervised text mining, anomaly and Intrusion Detection, Self-reconfiguring Robotics, application of Fuzzy Logic to development aid, Design and Optimization, Context-Aware Reasoning, DNA Sequence Assembly and Multilayer Perceptron Networks. The twenty-one chapters present extended results from the SAI Intelligent Systems Conference (IntelliSys) 2015 and have been selected based on high recommendations during IntelliSys 2015 review process. This book presents innovative research and development carried out presently in fields of knowledge representation and reasoning, machine learning, and particularly in intelligent systems in a more broad sense. It provides state - of - the - art intelligent methods and techniques for solving real world problems along with a vision of the future research.

Written as a sequel to The Agricultural Tractor 1855-1950 by R. B. Gray and Farm Tractors 1950-1975 by Lester Larson, each chapter lists most of the new tractors introduced for that year, a summary of the specifications for the models, and information about the companies manufacturing the tractors.

From the first tractor built in 1924 to the last Farmall model to roll off the line, this richly illustrated history tells the full story of Farmall tractors and fills in a key chapter of American agricultural history. The engaging text by Kenneth Updike, a historian on International Harvester, is accompanied by modern and vintage color photography, as well as black and white images from Farmall’s early days. Farmer, mechanic, tractor enthusiast: whatever your interest in this American icon, you will find a captivating account of its manufacture under the beloved Farmall brand.

Contains information on all of the company's tractors and crawlers, starting with the first IH tractor built in 1905 through to the last International tractors built before the 1985 merger with Case. Col. photos.

Oil tankers are not solely to blame for pollution at sea. Non-tankers have released numerous spills. The International Convention on Civil Liability for Bunker Oil Pollution Damage has been adopted, but has not yet come into force. This timely and comprehensive book studies compulsory insurance, its main purpose of ensuring compensation and its interrelations with other features such as the rule of strict liability, the limitation of liability of that convention.

Fellowship with the Holy Spirit, encounter God in deeply personal ways, and release the power of the Holy Spirit in signs, wonders, and miracles. Life With the Holy Spirit will bring you into the joy and power that comes from intimacy with Him through discussing topics such as: How to see the fruit of the Spirit manifest in your life How to move in the gifts of the Holy Spirit The power of praying in the Spirit and the gift of tongues How to hear and see in the Spirit (visions, dreams, and revelation) How to partner with the Holy Spirit for healing and miracles

The Story of a Classic International Harvester and the Farmall brand are legendary names. As both tireless machines and valued collector pieces, they are among the most popular tractors in the world. In this information-packed photo-encyclopedia, learn about the history and evolution of these famous agricultural icons. With more than 1,900 photos and detailed data on every tractor, truck, hay rake and hemp machine built in the company's history, 150 Years of International Harvester is the ultimate resource for these great farm machines.
