Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

Students get accounting when using Kimmel Financial Accounting with WileyPLUS because we make learning accounting easy and accessible for today's different types of learners. Written in a concise, clear, and conversation way, Kimmel Financial Accounting provides just the right amount of information students need to come to class prepared, while powerful visuals and Interactive Tutorials make complex accounting concepts possible to absorb quickly. Starting with the big picture of financial statements first, Paul Kimmel shows students why financial accounting is important to their everyday lives, business majors, and future careers. This best-selling financial accounting text is known for the most relevant and easy to understand examples, while teaching students the accounting cycle through the lens of one consistent story of Sierra Corp, an outdoor adventure company. The automatically graded WileyPLUS problem-solving experience imitates a blank sheet of paper with type-ahead for entering account titles, so that students use recall memory when they practice or do homework online. More students get accounting when using Kimmel Financial Accounting with WileyPLUS, because they can Read It, See It, Do It - Get

It.

Work more effectively with these Working Papers! This indispensable resource contains solution forms and partially completed solution forms to all end-of-chapter problems and exercises in Weygandt's Accounting Principles, 7th Edition. These working papers demonstrate how to correctly set up solution formats. From one of the hottest author teams in accounting comes a new edition of the highly successful Financial Accounting! This edition retains the traditional procedural coverage of the previous editions along with a practical decision-making focus. Anyone who will ever be asked to prepare or use accounting information to make effective decisions will benefit from this best-selling text.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

In the new sixth edition, readers will be able to clearly see the relevance of accounting in their everyday lives. The authors introduce challenging accounting concepts with examples that are familiar to everyone, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance.
