Quiz and Test assignments: Correct answers are usually shown AFTER the assignment due date. Your submitted answers: Mastering records all of your submitted answers. You can usually view these in completed items, no matter the assignment type. You can also usually view any associated answer feedback for completed items on a Homework assignment.

Reviewing answers and Hints on a finished item
The Mastering assignment categories " Quiz " and " Test " have most of these features set up by default. For full details, see the video " Mastering Security Features. " What other anti-cheating features does Mastering have? In Mastering, students submit assignments and tests answer by answer, not all at once.

MasteringBiology is an online assessment and tutorial system designed to help instructors teach more efficiently, and pedagogically proven to help students learn. It helps instructors maximize class time with customizable, easy-to-assign, and automatically graded assessments that motivate students to learn outside of class and arrive prepared for lecture. The powerful gradebook provides unique insight into student and class performance. As a result, instructors can spend class time where students need it most. MasteringBiology empowers students to take charge of their learning through assignable tutorials, activities, and questions aimed at different learning styles. It engages students in learning biology through practice and step-by-step guidance-at their convenience, 24/7. www.masteringbiology.com New items include Data Analysis Tutorials, Student Misconceptions Questions, Make Connections Tutorials, Experimental Inquiry Tutorials, Video Tutor Sessions, and Virtual Labs. Pre-built Reading Quizzes allow instructors to create quick and easy assignments in MasteringBiology to make sure students read the book before class. Instructors can easily edit the questions and answers or import their own questions. BioFlix 3-D Animations andTutorials cover the most difficult biology topics with assignable tutorials plus self-study modules that include movie-quality animations, labeled slide shows, carefully constructed student tutorials, study sheets, and quizzes that support all types of learners. Topics include A Tour of the Animal Cell, A Tour of the Plant Cell, Membrane Transport, Cellular Respiration, Photosynthesis, Mitosis, Meiosis, DNA Replication, Protein Synthesis, Mechanisms of Evolution, Water Transport in Plants, Homeostasis: Regulating Blood Sugar, Gas Exchange, Immunology, How Neurons Work, How Synapses Work, Muscle Contraction, Population Ecology, and The Carbon Cycle. The Study Area can be used by students on their own or in a study group. The Study Area includes a grading rubric for the Write About a Theme questions, revised Practice Tests and Cumulative Tests, BioFlix 3-D Animations, MP3 Tutor Sessions, Videos, Activities, Investigations, GraphIt!, Lab Media, Glossary with audio pronunciations, Word Study Tools (Word Roots, Key Terms, and Flashcards), and Art. TheInstructor Resources area includes PowerPoint lectures, clicker questions, JPEG images, animations, videos, lecture outlines, learning objectives, strategies for overcoming common student misconceptions, Instructor Guides for supplements, a suggested grading rubric, essay question suggested answers, test bank files, and lab media. The Pearson eText includes powerful interactive and customization features, such as the ability to search, type notes, highlight text, create bookmarks, zoom, click hyperlinked words to view definitions, and link to media activities and quizzes. Professors can write notes and highlight material for their class. MasteringBiology student access kits can be packaged with new books or sold in the bookstore (with or without the Pearson eText). Mastering (with or without the Pearson eText) may also be purchased at www.masteringbiology.com

NOTE: You are purchasing a standalone product; MasteringBiology™ does not come packaged with this content. Focus. Practice. Engage. Campbell Biology in Focus is the best-selling " short " textbook for the introductory college biology course for science majors. Every unit takes an approach to streamlining the material that best fits the needs of instructors, based on surveys, curriculum initiatives, reviews, discussions with hundreds of biology professors, careful analyses of course syllabi, and the report

Vision and Change in Undergraduate Biology Education. The Second Edition builds on the Campbell hallmark standards of accuracy, clarity, and pedagogical innovation, going beyond this foundation to help students make connections visually across chapters, interpret real data from research, and synthesize their knowledge. The accompanying digital resources include new, mobile-friendly tools that help instructors teach challenging topics better than ever before; integrate the eText with videos and animations; and allow students to test, learn, and retest until they achieve mastery of the content. Also Available with MasteringBiology™ This title is also available with MasteringBiology – an online homework, tutorial, and assessment product proven to improve results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature personalized wrong-answer feedback and hints that emulate the office-hour experience and help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. New MasteringBiology activities for this edition include Interpret the Data Questions, which challenge students to analyze real data presented in a graph, figure or table, and Solve It Tutorials, which engage students in a multistep investigation of a scientific “mystery.” For instructors, new Ready-to-Go Teaching Modules provide easy-to-use assignments for before and after class plus in-class activities with clicker questions and questions in Learning Catalytics™.

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. In 930 text pages, Campbell Biology in Focus, Second Edition, emphasizes the essential content, concepts, and scientific skills needed for success in the college introductory course for biology majors.
