Model Engineer

In this section I am including a large number of designs for workshop equipment that I have had published in the Model Engineers' Workshop magazine over the twenty years that I had been writing for it. All the necessary drawings being included together with details of the manufacturing methods.

The Metalworks Workshop

The Journeyman's Workshop is based in a typical model engineers shed which I built many years ago. The workshop has seen many changes and at one time included both a darkroom and the "potting shed". The workshop has been on-line in one form or another since 2007. The original pages are reviews of my lathe and milling machine.
