Thought

This study on the contemporary relevance of Rousseau's ethical and social thought, the "ethic of authenticity," responds to the tensions of modern morality and rivals the answers generated by the more mainstream tradition of the "ethic of autonomy." "I know of no study on Rousseau like this. It is indeed useful and important.

For the purpose of analysis  
and deep study, the period  
called modernity is divided  
into three distinct phases  
referred to as early  
modernity (from 1453 to  
1789), classical modernity  
(from 1789 to 1900), and  
finally late modernity that  
is said to have started in  
1900 and lasted till 1989.
