Rebels Against The Future The

Kirkpatrick Sale is at the tumultuous center of a technology backlash, actively challenging Bill Gates on the one hand and the Unabomber on the other. The subject of bets, barbs, and grudging praise in the pages of WIRED, The New York Times, Newsweek, and The New Yorker, Rebels Against the Future takes us back to the first technology backlash, the short-lived and fierce Luddite rebellion of 1811.

A well-known journalist traces the history of opposition to technology and industrialization beginning, with the Luddite movement in Britain during the Romantic era, and finds compelling lessons about the dehumanizing aspects of modern life.

By one of the most profoundly influential thinkers of our century, The Rebel is a classic essay on revolution. For Albert Camus, the urge to revolt is one of the "essential dimensions" of human nature, manifested in man's timeless Promethean struggle against the conditions of his existence, as well as the popular uprisings against established orders throughout history. And yet, with an eye toward the French Revolution and its regicides and deicides, he shows how inevitably the course of revolution leads to tyranny. As old regimes throughout the world collapse, The Rebel resonates as an ardent, eloquent, and supremely rational voice of conscience for our tumultuous times. Translated from the French by Anthony Bower.

Look at the future of persecution. One day soon the only refuge for the faithful may be Space. Follow a desperate couple fighting isolation and equipment malfunction to pilot a gas-collecting balloon ship to the outer planets. Michael, crown prince of the Space Empire hopes to save his people from external attack with an internal rebellion and a battle cruiser like no other. His plans are shaken by a forbidden romance, political turmoil, and the discovery of Earth ' s Fourth Empire. Michael and his best friend Randolph might save or shatter the Space Empire ' s last hope for the future.

This book recounts ten patriotic and influential events in history for Christian moral instruction.

" A rich, sensual, bewitching adventure of good vs. evil with love as the prize. " ~Publisher ' s Weekly on ETERNITY 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace ' s forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can ' t be real. She tells him of another lifetime, claims to be immortal. Though he knows she ' s deluded, he can ' t stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don ' t miss Book 2, INFINITY. " A hauntingly beautiful story of a love that endures through time itself. " ~New York Times Bestselling Author, Kay Hooper " This captivating story of a love that reaches across the centuries, becomes as immortal as the lover ' s themselves, resonates with timeless passion, powerful magic, and haunting heartbreak. " ~BN.com ' s official review

In this groundbreaking study, Barton A. Myers analyzes the secret world of hundreds of white and black Southern Unionists as they struggled for survival in a new Confederate world, resisted the imposition of Confederate military and civil authority, began a diffuse underground movement to destroy the Confederacy, joined the United States Army as soldiers, and waged a series of violent guerrilla battles at the local level against other Southerners. Myers also details the work of Confederates as they struggled to build a new nation at the local level and maintain control over manpower, labor, agricultural, and financial resources, which Southern Unionists possessed. The story is not solely one of triumph over adversity but also one of persecution and, ultimately, erasure of these dissidents by the postwar South's Lost Cause mythologizers.

“ A poignant, unapologetically southern, laugh out loud look at what it means to truly be seen and loved. ” — Kait Nolan A sexy military pilot is about to meet his match in an unpredictable physics professor! Kaci Boudreaux is every Southern mama ' s nightmare, including her own. This former Miss Grits would rather tromp around in boots shooting off potato guns—and her mouth—than dress pretty and play nice with the boys. Especially her chauvinistic fellow professors, her ex-husband, and those military cargo pilots she accidentally started a war with. Lance Wheeler is every Southern belle ' s dream, except his ex-fiancé ' s. After being left at the altar, he ' d love to take his C-130 and fly far, far away. But since his bird technically belongs to Uncle Sam (as does he), a distraction in the form of a feisty fireball of a physics professor will do while he ' s waiting for his next deployment with the Air Force. He ' s into her for the fun. She ' s into him for the challenge. But when their secrets start slipping out, their hearts will be on the line. She needs roots. He wants to see the world. What will they do about needing each other?

Meetings with remarkable activists since the 1960s American social change movements dominated the 1960s and 1970s, an era brought about and influenced not by a handful of celebrity activists but by people who cared. These history makers together transformed the political and spiritual landscape of America and laid the foundation for many of the social movements that exist today. Through a series of 43 vignettes—tight biographical sketches of the characters and intimate memories of her personal encounters with them—the author creates a collective portrait of the rebels, artists, radicals, and thinkers who through word and action raised many of the issues of justice, the environment, feminism, and colonialism that we are now familiar with. From Berkeley to Bolivia, from New York to New Mexico, a complex, multi-layered radical history unfolds through the stories and lives of the characters. From Marty Schiffenhauer, who fought through the first rent-control law in the United States, to Ponderosa Pine, who started the All-Species Parade and never wore shoes, to Dan and Patricia Ellsberg, who released the Pentagon Papers and became life-long anti-war and antinuclear activists, the portraits bring out some of the vibrant, irreverent energy, the unswerving commitment, and the passion for life of these generations of activists. In our present moment, as many people find themselves in the streets protesting for the first time in their lives, *In the Company of Rebels* makes the connection to this relatively recent rebellious era. As the author comments on her own twenty-year old self, sitting at the counter of Cody ' s Books in Berkeley in the early 1970s, thrilled about the times but oblivious of the work that came before: “ I didn ' t know anything about this courageous and colorful past. But now I know. ”

Collection of documents and other writings relating to freedom struggle in Punjab against the British rule by Namdharis.
