The truth will set you free... or it will ruin everything. Hawaiian surfer Declan Bishop is living a lie. Haunted by his role in his best friend's death, he can hardly face himself in the mirror. When he gets the opportunity to compete in the most prestigious contest in the world, he must decide if the title he covets is worth the pain of facing his past. She knows what she wants, and love isn't on the list. Pearl Sunn has sacrificed everything to fulfill her mother's surfing legacy. But it's easier to catch a dangerous wave than it is to catch a break in the male-dominated industry of surfing. She's desperate to get noticed. Desperate enough to fake-date surfing's bad-boy Declan Bishop for a chance to compete. Nothing this fake has ever felt so real. Declan's reputation is on the line. Pearl's career hangs by a thread. And if they don't bail out of their affair on schedule, their dreams will be swept away like yesterday's tide.

What if lockdown means your ex moving back in? Dot is still bristling over Caitlin leaving when she turns up at her door, asking to stay. The world is his stage; Exodus End's legendary drummer, Steve Aimes, plays the role of a rock star better than anyone in the business. Since his divorce, he's embraced every rock 'n' roll stereotype and uses those vices to keep women at a safe emotional distance, while keeping their physical distance recklessly close. He vowed years ago to never give any woman the power to break his heart again. He just has to keep playing the part, and never drop his guard, and stop obsessing over the keyboardist in their new opening act. He didn't even want Roux's band on this tour in the first place, but somehow she shattered his barriers without even trying. The only way he knows to save his heart from breaking is to make her his forever, so why does she keep pushing him away? The stage is her world; Roux Williams knows an opportunity like this only comes around once in a life time. Her band, Baroquen, has finally gotten their big break and are opening for Exodus End and Sinners-two powerhouses of rock-on the European leg of their world tour. She refuses to screw up this opportunity by getting involved with Steve Aimes no matter how gorgeous, sexy and surprisingly attentive he is. She can't deny her attraction to him-the man has the body of a god and the face of a model-but he's absolutely off limits. Maybe a lust-crazed weekend on a private island will get him out of her system. Or maybe she'll fall even harder. Once the tour is over they can date, but until then she must keep her distance, because mixing business with pleasure is not only tabloid fodder, it's professional suicide. But damn, why does he have to be so stubbornly irresistible? When their worlds are rattled by a staged ploy to destroy them, Exodus End's infamous bad boy and Baroquen's not-yet-famous good girl must figure out a way to have it all and each other.

forbidden to write, Gilman's pioneering feminist horror story scandalized nineteenth-century readers with its portrayal of a woman who loses her mind because she has literally nothing to do. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Charlotte Perkins Gilman (1860-1935). Gilman's work is available in Penguin Classics in *The Yellow Wall-Paper*, *Herland* and *Selected Writings*.

Since the discovery over one hundred years ago of a body of Mesopotamian poetry preserved on clay tablets, what has come to be known as the Epic of Gilgamesh has been considered a masterpiece of ancient literature. It recounts the deeds of a hero-king of ancient Mesopotamia, following him through adventures and encounters with men and gods alike. Yet the central concerns of the Epic lie deeper than the lively and exotic story line: they revolve around a man's eternal struggle with the limitations of human nature, and encompass the basic human feelings of loneliness, friendship, love, loss, revenge, and the fear of oblivion of death. These themes are developed in a distinctly Mesopotamian idiom, to be sure, but with a sensitivity and intensity that touch the modern reader across the chasm of three thousand years. This translation presents the Epic to the general reader in a clear narrative.

My name is Emily Underwood. Grayson Brown, a single father of four, lives alone. I don't want to get into his past. In fact, it was the worst thing ever! The future is all I care about. The sight of his little ones makes me miss my youth. In his care, I am truly at home. Compared to before I left the Big Smoke, I'm a different person. I can imagine a life without demons in my city of London. Grayson's trust won't come easy. The next love story isn't for me. A second chance is something we all deserve, don't we?
